

天主教鳴遠中學

Catholic Ming Yuen Secondary School

Multiculturalism

Catholic Ming Yuen Secondary School is a school which offers students the local Hong Kong secondary curriculum, regardless of their nationality, ethnicity, race, religion, and family's socioeconomic **backgrounds**.

In order to foster a harmonious atmosphere for various ethnicities, our school offers opportunities for students to share their own cultures with **one another** and help them to live up to their potential despite their different abilities and backgrounds.

Supportive Arrangements

- 1) **Prayer Room:** Students of the same religion can come to pray together.
- 2) **Chinese Language Education:** GCE and GCSE teaching materials are **offered**. The mode of teaching is based on "Chinese Language Curriculum Second Language Learning Framework".
- 3) **Language Policy:** Bilingual teaching materials are also provided in order to let students grasp a better understanding of subject knowledge, so as to eliminate the language barrier.
- 4) **School Circular :** English version of school circulars and parental letters are available.
- 5) **Putonghua is useful** for future careers, especially for those who have an interest to work or establish a better social network in China. Therefore, it is incorporated into the junior form curriculum. At the same time, students can practise Putonghua through socialising with students coming from the Mainland.
- 6) **Community Service:** Our school encourages students to participate in community service and volunteer work such as Red Cross, Civil Aid Service, Junior Police Club, Big Brothers and Big Sisters and the Community Youth Club. Through such activities, students are empowered to address community needs and engage in civil responsibilities.
- 7) **A notebook computer or an iPad** can be borrowed from the school for effective studying and learning.

天主教鳴遠中學

Catholic Ming Yuen Secondary School

- 8) **For individual needs**, students can approach our social worker or teachers of the counselling team.
- 9) **Career Counselling:** We provide career counselling to students who are interested in pursuing employment after graduation. Ties with reputable organisations in various businesses, enterprises, and industries enable students to enter the world of work as fully prepared as they can be.
- 10) **Extra-curriculum Activities:** We encourage and provide financial allowance to our students applying for ECA training such as **Cricket**.

Curriculum Overview
